## MISSOURI SCHOOL SAFETY ASSOCIATION

*Become a MOSSA Member!*

The purposes of the Missouri School Safety Association include improving the existing programs and promoting new programs of safety education in cooperation with public and private agencies, as well as acquiring and disseminating accurate information concerning school safety, security and health.

The association hopes to bring members from all areas of safety and security together to provide a united voice on safety matters for Missouri schools.

- **Member:** Current or former school personnel who are responsible for a broad program of school safety and/or any other persons interested in the field of safety and safety education.
- **Student membership:** Students preparing for careers in school safety or related fields. These members cannot serve in officer positions or vote.
- **Corporate Membership:** Any individual who has a product or service that would be used in the field of school safety. These members cannot serve in officer positions or vote.
