

Missouri School Boards' Association's
Center for Education Safety

MO EOP

Does your district have an
emergency operations plan?

MO EOP is a new web-based application developed by MSBA and vetted by several school districts' safety personnel that will assist school staff responsible for emergency planning to create, store and share school plans with school personnel and approved first responders with ease and efficiency. This new tool is available now!

For a low subscription fee of \$100 per building per year, you will receive:

- Access to the online tool
- Video training support
- User guide with a Help chat box
- Technical assistance
- Pre-loaded and updated resources
- Emergency plan content updates
- Mobile App access

In addition to the above support, MSBA's Center for Education Safety will conduct regional webinars about this great new resource and train subscribed schools on the use of the tool now through December at no additional cost!

Get your subscription today and be prepared
for the next emergency or crisis in your school!

For more information and subscription rates contact MSBA's Center for Education Safety at ces@mosba.org or call 573-638-7501.
